

Charity Coffee Morning

Sunday 15th October 2017

Liverton Village Hall - 10.30 to 12.30

I am organising this to raise money for The British Heart Foundation. In March last year I lost my mum as a result of a heart attack at the age of 58 yrs.

In memory of her I've decided to take on my biggest challenge and probably the biggest sporting event I will ever enter, Ride London 100 - cycling 100 miles around London in July next year. I have arranged to do this as a charity event with The British Heart Foundation.

To start my fundraising off I have arranged this coffee morning. We will have tea, coffee & squash on sale between the hours of 1030 & 1230 as well as lots of delicious homemade cakes. Everyone is welcome to join us between those times to help us raise vital funds for the BHF.

If anyone would like to donate any homemade cakes for the event, please do contact me as they would be very gratefully received.

My contact number is 07703021900.
